EXPECTATIONS OF BUSINESS PERFORMANCE IN APRIL TILL SEPTEMBER 2021

In overall, business perception for April till September 2021 surged to positive trajectory with a net balance of +11.0 per cent as against -4.6 per cent recorded previously. All sectors registered turnaround in their net balance where Industry and Wholesale & Retail Trade become the most optimistic sectors with net balance of +12.5 per cent recorded each in the forthcoming six months. Wholesale & Retail Trade sector expects significant improvement, climb to positive territory with a net balance of +12.5 per cent as compared to -7.7 per cent recorded for the first half of 2021. This is mainly driven by the uplifted outlook in both subsectors namely Wholesale Trade and Retail Trade. Concomitantly, Services sector shows the same direction with a net balance of +8.4 per cent compared to -11.7 per cent for the period of January till June 2021. The increase of Services sector's net balance is partly supported by Accommodation, Transportation and Storage, Communications, Education and Other Services subsectors.

The Construction sector also foresees positive sentiment in the six months ahead with a net balance of +6.1 per cent as against -34.6 per cent recorded previously.
