## COMPENSATION OF EMPLOYEES 2019

CE of Services sector was the largest contributor to the total CE with a share of 62.6 per cent (2018: 61.8%) and followed by Manufacturing sector which accounted for 22.1 per cent in 2019 as illustrated in Chart 2. Construction sector contributed 9.4 per cent as compared 9.8 per cent in the preceding year. Meanwhile, Agriculture and Mining & quarrying sectors recorded a share of 3.9 per cent and 2.1 per cent respectively.

**Chart 2** Percentage Share of Compensation of Employees

In 2019, CE grew 4.8 per cent as compared to 6.1 per cent in the preceding year. The growth was mainly attributed by Services and Manufacturing sectors.

The CE in the Services sector recorded a growth of 6.1 per cent (2018: 7.8%), was supported by Wholesale

& retail trade, food & beverage and accommodation activities with a favourable growth of 9.1 per cent in 2019. Finance, insurance, real estate and business services (7.5%) and Transportation & storage and information & communication (8.0%) also affected the growth of CE in this sector. However, the slower growth in Services sector was due to the Other services (including government services) which recorded a growth of 2.7 per cent against 5.1 per cent in the previous year.

The growth of CE in Manufacturing sector expanded 4.0 per cent (2018: 5.2%) underpinned by Wood products, furniture, paper products and printing with a growth of 9.3 per cent (2018: 5.7%). Electrical, electronic & optical products (2.2%) and Non-Metallic Mineral Products, Basic Metal and Fabricated Metal Products (5.0%) also supported the growth in this sector. Meanwhile, Petroleum, chemical, rubber & plastic products recorded a growth of 4.4 per cent (2018: 9.2%) supported by rubber products.

Construction sector moderated to 1.0 per cent from 5.1 per cent in the preceding year. The growth was attributed by civil engineering and specialised construction activities. Furthermore, Mining & quarrying sector posted a slower growth of 1.1 per cent against 10.0 per cent in 2018. CE for Agriculture sector rebounded to 0.1 per cent from negative 9.3 per cent in the previous year. The recovery in this sector was mainly supported by the better performance in Rubber, oil palm, livestock and other agriculture activities (Chart 3).
