"Malaysian economy in recovery path despite experiencing numerous challenges"

MESR Volume 1/2022 was the first series of Malaysian Economic Statistics Review (MESR) in 2022 which focuses on the economic performance based on the recent statistics released in November and some forthcoming statistics for December 2021. This release is also complemented with a box article entitled "**A Case Study of Malaysia's FDI in Manufacturing Sector towards Exports of Electrical and Electronics (E&E)**" is featured which discusses the findings on the short and long-run relationships between Malaysia's FDI in the Manufacturing sector and exports of E&E.

This MESR will assist users to have the latest information on the economic performance in detail.

The full publication of **MESR Volume 1/2022** can be downloaded through [eStatistik](#) portal.
